Deployment Linking Flow (Page-by-Page Navigation)

This shows **how pages are connected**, including URL path examples and what happens at each step. **Deployment will be done for one bus from Badulla to Matara**

🏠 1. Homepage (index.php)

<https://yourdomain.com/index.php>

Or simply: <https://yourdomain.com/>

Links to:

- 🔍 Search Buses → <pages/search.php>
 - 🔒 Login → <auth/login.php>
 - 📝 Register → <auth/register.php>
 - ☐ User Dashboard (if logged in) → <pages/userdashboard.php>
 - ⚙️ Admin Dashboard (if admin) → <admin/admindashboard.php>
-

🔍 2. Search Page (<pages/search.php>)

Search results appear here based on user input.

(Origin, destination, date, filters, etc.)

Links to:

- 🚌 View Bus Details → pages/bus-details.php?bus_id=123
 - ⬅️ BACK Back to Home → <../index.php>
-

📺 3. Bus Details & Booking Page (pages/booking.php?bus_id=123)

- Displays seat map and bus details.
- Gender selection, phone number, seat selection.

Buttons lead to:

-  Proceed to Payment → `pages/payment.php?booking_id=456`
-

4. Payment Page (`pages/payment.php`)

- Shows payment amount, method, and terms.

Form action:

- POST to `auth/process_payment.php`

After Payment:

- Success: Redirect to → `pages/receipt.php?booking_id=456`
 - Failure: Redirect to → `pages/payment.php?booking_id=456&error=1`
-

5. Receipt Page (`pages/receipt.php`)

- Displays booking info + download PDF

Links to:

-  Back to Dashboard → `pages/dashboard.php`
-

6. User Auth Pages

Page	Path	Link from
Login	<code>auth/login.php</code>	Navbar or <code>/index.php</code>
Register	<code>auth/register.php</code>	Navbar or <code>/index.php</code>
Logout	<code>auth/logout.php</code>	In Navbar or Dashboard

- After login:
 - If role = user → redirect to `pages/dashboard.php`
 - If role = admin → redirect to `admin/dashboard.php`
-

📁 7. Registered User Pages (/pages/)

Page	Path
Dashboard	pages/dashboard.php
My Bookings	pages/bookings.php
Submit Feedback	pages/feedback.php
Report Incident	pages/incidents.php
Announcements	Pages/announcements.php

These are linked from the **user dashboard** sidebar or menu.

⚙️ 8. Admin Panel (/admin/)

Admin Feature	Path
Dashboard	admin/dashboard.php
Manage Buses	admin/buses.php
View Bookings	admin/bookings.php
Payments	admin/payments.php
Announcements	admin/announcements.php
Feedback Moderation	admin/feedback.php
Incident Reports	admin/incidents.php

All these are linked from the **admin dashboard sidebar**.
